A report on Cleaning Programme

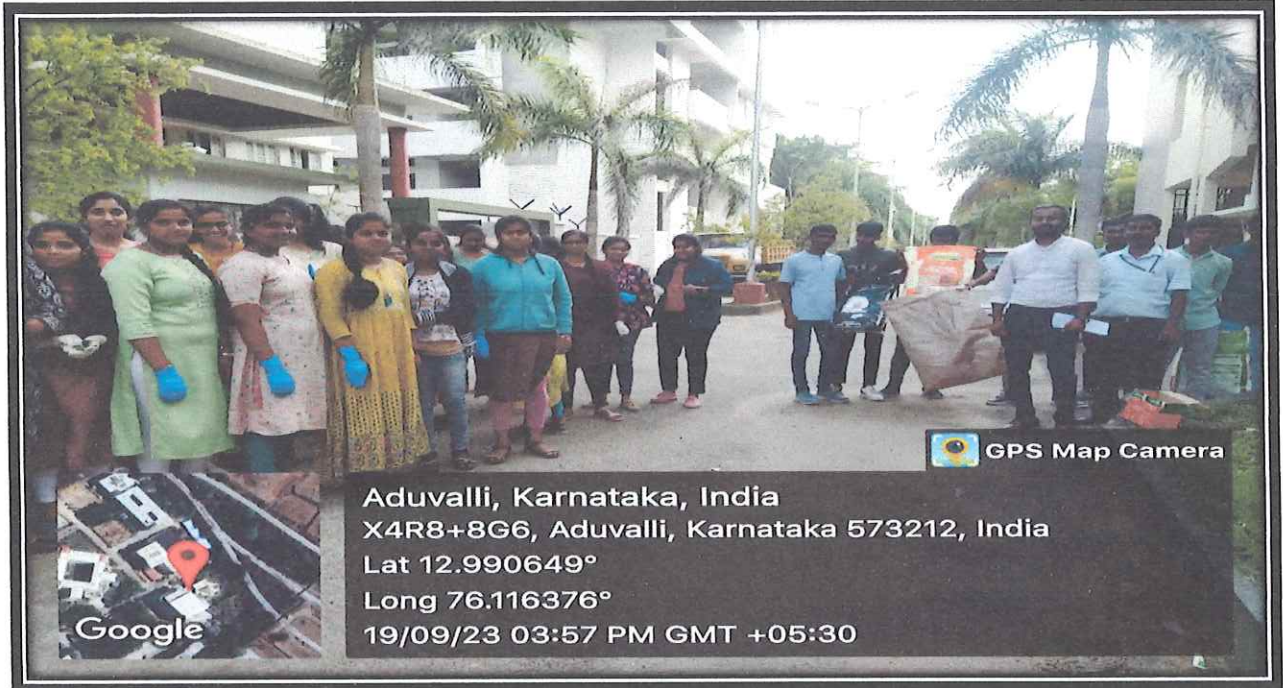

Place: RIT Campus

Date: 19th September 2023

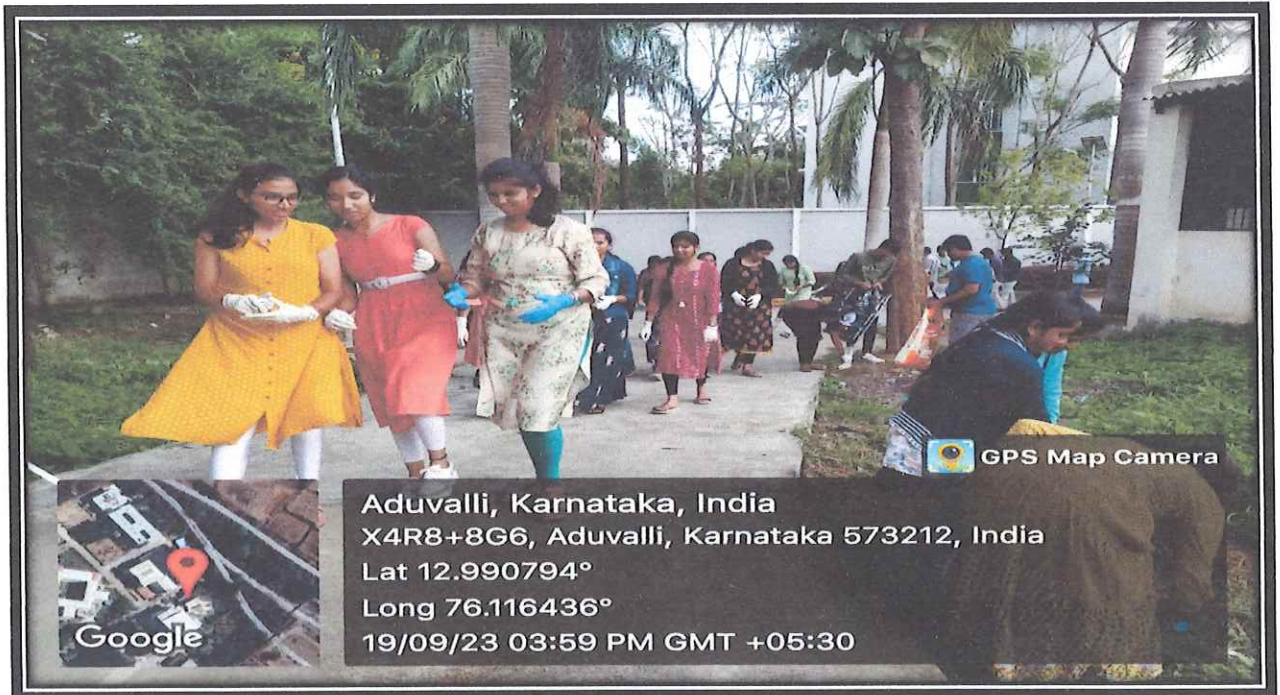

The NSS unit had organized Cleaning program in RIT Campus on 19th, September 2023. Our collage Mathematics department Assistant Professor Mr. Santosh Spekes called upon the need to educate people to keep their surroundings clean. Polythene is a big threat to the environment. Alternatives to polythene, like jute bags were recommended for use by people.

The students and staff members of RIT, our NSS volunTERS join together clean the drainage, road side and college preimises. So this "CLEANING CAMPAIGN" not only helped us in cleaning the surrounding but also taught and importance of keeping our society, mind and work place clean, because "Cleanliness is Next to Godliness".

A report on Tree Plantion Programme

Place: Opp. New Bus Stand, Hassan

Date: 27th May 2022

The World Environment Day is observed around world on June 5th every year. The main objective of this day is to raise awareness about preserving nature. And raising global temperature and raising sea levels which causes serious consequences in future and for the future generation how to conserve and preserve nature.

On 5th of June our college has organised a talk with a environmentalist and in the afternoon session students along with faculty members should engage in the activity of plating tree saplings Opp. New bus stand and also engage in cleaning the parthenium plants by the Students. Planting new plants and watering to the plants by the students will give the students satisfaction of doing a good work and contributing to conservation of nature by doing this small things.
